PROFESSIONAL SUMMARY

Third-year B.Sc. (Hons) Information Technology undergraduate at SLIIT with hands-on experience in web application development, system integration, and software quality practices. Skilled in working with modern frontend technologies, REST APIs, databases, and development tools. Experienced in collaborating on real-world projects, validating functionality, identifying issues, and ensuring usability and reliability. Highly motivated to contribute as a Software / IT Intern and grow across multiple areas of the software development lifecycle.

EDUCATION

Sri Lanka Institute of Information Technology (SLIIT)

B.Sc. (Hons) in Information Technology — Specializing in Information Technology

Expected Graduation: July 2027

CORE SKILLS

Software & Technical Skills

- Web Application Development (Frontend-focused)
- Manual Testing & Functional Validation
- API Testing (Postman)
- Requirement Analysis
- Debugging & Issue Identification
- Cross-browser & Responsive Testing
- Database Data Validation (SQL & NoSQL)

Technologies & Tools

- **Languages:** JavaScript (ES6+), Java, Kotlin, PHP (basic)
 - **Frontend:** React.js, HTML5, CSS3, Tailwind CSS, Bootstrap
 - **Backend:** Node.js, Express.js, REST APIs, JWT Authentication
 - **Databases:** MongoDB, MySQL, Microsoft SQL Server
 - **Tools:** Git, GitHub, Postman, Visual Studio Code, Cloudinary, XAMPP
 - **Concepts:** SDLC, MVC Pattern, RESTful Architecture, Agile Basics
-

SOFT SKILLS

- Problem Solving & Analytical Thinking
- Attention to Detail
- Adaptability & Quick Learning
- Teamwork & Collaboration
- Communication Skills
- Creativity & UI Thinking
- Accountability

PROJECTS

Lakneth Digital Solutions – Digital Services & Asset Marketplace – [Live Demo](#) | [GitHub](#)

Tech Stack: React.js, Tailwind CSS, JavaScript ES6, Lucide Icons, JSON, WhatsApp & Facebook Graph API

- Built a fully responsive digital marketplace with reusable React components, dynamic filtering, modals, and interactive UI elements using Tailwind CSS.
 - Implemented device-aware WhatsApp inquiry system, discount badges, and verification indicators for seamless user interactions and instant communication.
 - Focused on usability, responsiveness, and smooth cross-device performance for listing and selling digital assets and service packages.
-

Ask.ly – Q&A Platform - [GitHub](#)

Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS, SweetAlert

- Built a responsive React-based UI with reusable components and clean layouts using Tailwind CSS.
 - Integrated REST APIs for authentication, real-time discussions, and leaderboard functionality.
 - Focused on usability, responsiveness, and smooth user interactions across devices.
-

Monaz Salon – Online Salon Reservation System – [GitHub](#)

Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS, Bootstrap Icons

- Designed and implemented a responsive booking interface for real-time salon reservations.
 - Built role-based frontend views for admin and customer dashboards.
 - Integrated forms and UI components with backend APIs for service and customer management.
-

MindCare – Mental Health Support Web App – [GitHub](#)

Tech Stack: MongoDB, Express.js, React.js, Node.js, Tailwind CSS, Framer Motion

- Designed a calm, accessible, and responsive frontend focused on user well-being.
 - Implemented smooth UI animations and transitions using Framer Motion.
 - Built self-assessment and user interaction components integrated with backend services.
-

ZapCart – Online Clothing Platform – [GitHub](#)

Tech Stack: MS SQL, Express.js, React.js, Node.js, Cloudinary, SweetAlert, Framer Motion

- Developed a modern e-commerce frontend with product listings, category pages, filters, and cart features.
 - Implemented responsive layouts and smooth UI animations using Framer Motion.
 - Integrated backend APIs for product data management and image handling via Cloudinary.
-

SKW Photography – Studio Management System – [GitHub](#)

Tech Stack: MongoDB, Express.js, React.js, Node.js, JWT, Cloudinary, SweetAlert

- Collaborated in a team environment using GitHub and Agile practices to develop frontend modules.
- Implemented feedback and review management UI with admin moderation and approval flows.
- Focused on clean UI design, usability, and secure frontend-backend interaction.

Cash.ly – Expense Management Mobile Application

Tech Stack: Android (XML, Kotlin)

- Developed a mobile app for tracking income and expenses with a clean, user-friendly UI.
 - Implemented graphical analytics and local data persistence.
 - Added JSON-based backup, restore, and reset functionality.
-

Bus Journey – Online Bus Ticket Reservation System

Tech Stack: Java EE (JSP/Servlets), MySQL, JDBC, Bootstrap

- Developed responsive UI components following MVC architecture using Bootstrap.
 - Implemented user registration, profile management, and secure session handling.
 - Collaborated in a team environment with focus on usability and data integrity.
-

Recruitment Company System Website

Tech Stack: PHP, MySQL, HTML, CSS, JavaScript

- Developed frontend interfaces for interview scheduling and management workflows.
 - Integrated backend logic for session creation and admin controls via PHP and MySQL.
 - Focused on user-friendly design and smooth form-based interactions.
-

EXPERIENCE

Sri Lanka Customs – Customs Inspector | 2023 – Present

- Ensure compliance with import and export regulations and documentation.
 - Maintain accuracy and confidentiality in record management and data analysis.
 - Developed discipline and problem-solving skills valuable for software projects.
-

RELEVANT COURSEWORK

- | | |
|--|----------------------------------|
| • Internet & Web Technologies | • Mobile Application Development |
| • Object-Oriented Concepts & Programming | • Data Science & Analytics |
| • Software Engineering | • Human-Computer Interaction |
| • Data Structures & Algorithms | |
-

LANGUAGE PROFICIENCY

- **Sinhala:** Fluent (Native Proficiency)
- **English:** Intermediate (Working Proficiency)
